DRIVING OF GOLDEN SPIKE
FIFTY YEARS AGO WILL BE
CELEBRATED BY THIS CITY

Plans are maturing for the celebration of the Golden Spike jubilee in Ogden on May 10th to commemorate the 50th anniversary of the linking of the Union Pacific and Central Pacific railroads, which act connected the shores of the Atlantic and Pacific oceans and formed a transcontinental line of transportation, the first in the United States.

A meeting was held last night and another this morning in the office of Mayor T. S. Browning. Mayor Browning was chosen chairman of the executive committee by the city commission at the meeting held last night.

This committee was called to meet this morning with the mayor. The committee appointed was composed of the following:

Mrs. Maria Farr Taylor, representing the Daughters of the Pioneers; M. P. Brown, county commissioner and representing Weber county; W. L.

Wattis, representing the Weber club of which he is president, and also the Ogden Publicity bureau, a branch of the Weber club; W. H. Chevera, representing the railroad systems; W. M. Pigott, representing the Ogden Trades and Labor assembly.

At the meeting held this morning, Commissioner Brown and Mr. Chevera were unable to be present. The other members of the committee discussed preliminary measures, leaving the main details to be worked out within the next few days, when a number of sub-committees will be appointed and general discussions held.

At the Monday night meeting the matter was discussed in a general way by the city commissioners, but nothing definite was decided upon except that the celebration will be held. It seemed to be the consensus of opinion among the members of the committee which met this morning that the celebration should not be for more than one day on account of this being a busy season with many who will be expected to participate in the function.

Mayor Browning will extend an invitation to Governor Simon Bamberger to take part with Ogden in the celebration. One of the features practically decided upon at the meeting this morning will be a parade typifying different phases of the history of the west during the days of the pioneers. For the main celebration, it is expected that the railroads will furnish some of the relics that have historical value.

SEED MERCHANT
TELLS ABOUT GAIN

Since Taking Tanlac Almond Says He Feels as Well As He Ever Did.

"If you had seen me before taking Tanlac you would hardly believe me to be the same person," said A. F. Almond, a well known seed merchant of 2713 Peters street, Atlanta, Ga.

"For more than a year," he continued, "I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour, indigested food. I suffered with heart burn constantly and was extremely nervous, my liver was sluggish and I was bilious, too. I felt 'angry and tired' most of the time and often felt so bad that I could hardly attend to my business properly."

"I heard so many people praising Tanlac that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heartburn or indigestion and am not nervous like I was before. I sleep well and get up in the morning feeling fine and ready for a hard day's work."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co. Two busy stores.—Advertisement.

Kimball Pianos
and Phonographs

Judged by the standard of excellence "they are superior."

Merit wins its own reward. The Kimball

LIKE BOLT FROM
HEAVEN'S BLUE

A happy discovery of Cincinnati chemist interests women here

Your high heels have put corns on your toes and calluses on your feet, but why care now?

A genius in Cincinnati discovered a magic ether compound and named it Icezone. A quarter ounce of this freezine can now be had at any drug store for a few cents. Apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with your fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses for a few cents and without suffering one particle, without the slightest irritation of the surrounding skin. Just a touch of this marvelous freezine on a sore, troublesome corn gives instant relief.—Advertisement.

No Protest Strike
For Eugene Debs

TERRE HAUTE, Ind., April 1.—William Mitch, secretary-treasurer, district No. 11, United Mine Workers, gave out a statement this morning denying that plans for a protest strike by miners of this district against the imprisonment of Eugene V. Debs. The matter has not been before the executive board of the organization, according to Mitch and any report of a contemplated strike is without authority of the mine workers' officials.

BERTHANA DANCE
TOMORROW NIGHT

Manager Goss of the Berthana announces the regular Wednesday night dance, tomorrow night, from 9 to 12 p. m. with Miss Lillian Thatcher's orchestra furnishing the music. The Wednesday night dances at the Berthana are fast becoming popular with the young and older dancers of Ogden as the beautiful hall with the excellent music furnished affords an evening of real enjoyment for those who like to dance. A number of small parties have been organized by different sets to take in the Wednesday dances and each crowd is a party by itself. W. H. Woodward will teach dancing tomorrow from 2 p. m. until the dancing begins at 9 p. m. Appointments can be made by telephone or by calling at the Berthana.—Advertisement.
